Election Special
 April 2007

Your vote can take Brighton & Hove forward

DOWN YOUR STREET
 See inside to see what we've done in your area.

Labour Councillors have delivered real improvements locally in Goldsmid after years of Tory complacency in our community.

Inside there's a map showing just some of the things your Labour councillors have achieved in Goldsmid Ward. If re-elected on 3 May we will continue to work alongside residents to make a difference in your neighbourhood.

Based on the 2003 election results, only Labour can beat the Tories in Goldsmid. Voting for other parties, or not voting at all, will deliver control of Brighton & Hove City Council to the Conservatives. Please consider using all three of your votes for Labour.

Labour - all year action, not just at elections.
