5 reasons to support Labour in Goldsmid

1. **We have a good local team of community activists.** We have proved we can deliver, making George Street and other areas in Hove friendlier for pedestrians, wheelchair users and cyclists. Your residents' parking scheme was tailored to suit local needs.

2. **Labour has helped transform Brighton & Hove into a thriving and cosmopolitan city.** With cleaner streets, crime down, and our schools improving, Goldsmid is one of the City's most attractive places to live.

3. **We have real green policies, committed to creating a sustainable City.** We kept our promise to roll out doorstep recycling to every home in Goldsmid Ward. Now we want to achieve a 45% recycling rate by 2011. The City has won awards for its public transport network and we have a climate change action plan.

4. **We deliver value-for-money services.** We have the lowest Council Tax in East Sussex.

5. **Only Labour can beat the Tories in Goldsmid.** Voting for the Lib Dems or Greens in our ward will deliver overall control of the Council to the Tories - a party that wants more, not less, traffic in the City.
